Internship

Front End Web Development **Aug 2025 - Sep 2025**

Developer

Built dynamic web applications, real time code editor, leveraging the power of the MERN stack. Automated web data collection through software tools and custom scripts, streamlining repetitive tasks effectively. Tech Stack: HTML · CSS · JavaScript · Node.js · React · Socket.IO

Data Analyst Intern **Nov 2024 - Dec 2024**

Data Analyst **Remote**

- Performed data analysis on retail shopping trends to identify customer behavior patterns and generate meaningful business insights.
- Cleaned and transformed raw retail datasets using **Python**, Pandas, and NumPy to ensure data accuracy and consistency.
- Conducted exploratory data analysis (EDA) to uncover trends, seasonal patterns, and purchasing behaviors.
- Created impactful visualizations using **Matplotlib and Seaborn** to support data-driven decision-making.
- Delivered analytical reports that helped stakeholders understand sales performance and customer trends.

Tech Stack: Python · Pandas · NumPy · Matplotlib · Seaborn

Projects

EventEye Certification Generator: **Nov 2025**

- Repository Link: **https://github.com/Abhimanyu8901/Project-CertificateG**
- Developed an automated Certification Generator to create hundreds of certificates within minutes using bulk data from spreadsheets.
- Eliminated manual data entry by integrating spreadsheet data with dynamic certificate templates, ensuring fast and error-free generation.
- Designed a responsive frontend using **React and JavaScript** for smooth user interaction and real-time preview of certificates.
- **Tech Stack:** React · JavaScript · MySQL

Code Casting: **Aug 2025 - Sep 2025**

- Repository Link: **https://github.com/Abhimanyu8901/Project-ChatRoom**
- Developed a real-time web-based code editor enabling multiple users to collaborate and program simultaneously.
- Built a responsive and interactive front-end using **React, HTML, CSS, and JavaScript** to provide a smooth coding experience.
- Implemented real-time bidirectional communication using **WebSocket and Socket.IO**, allowing users to write and view code updates instantly.
- **Tech Stack:** HTML · CSS · JavaScript · Node.js · React · **Socket.IO**

Certificate / Certifications

Google Gen AI Academy 2.0 - AI/ML **Sep 2025 - Jan 2026**

Google Cloud

Front End Web Development **Aug 2025 - Sep 2025**

Edunet Foundation

Skills

Languages: *C++, Java, Python, JavaScript*

Technologies/Frameworks: *React.js, Node.js, Git, GitHub*

Domain Skills: *Data Structures and Algorithms, Problem-Solving*

Databases: *MySQL, MongoDB*

Education

Ewing Christian College ***2021 - 2024***

Bachelor of Computer Applications CGPA: 6.85 PrayagRaj, Uttar Pradesh

Sadguru Public Hr sec. School ***2020 - 2021***

12th — Percentage: 78.60% Satna , Madhya Pradesh

Sadguru Public Hr sec. School ***2018 - 2019***

10th — Percentage: 81.60% Satna, Madhya Pradesh
